The **Safemark** Journey

Since 1983, Safemark has revolutionized global hospitality security with electronic safes, trusted by top hotel brands worldwide. For over 40 years, we've prioritized guest safety, reduced theft, and built trust. As the exclusive distributor of Indel B and Marshall, Safemark offers a comprehensive range of solutions for the hospitality sector, including mini refrigerators tailored for hotel use and iconic Marshall speakers. Discover how we can elevate your establishment to new heights of excellence.

Experience Matters

Comprised of seasoned industry veterans, Safemark's team recognizes the significance of prompt service. We proudly maintain a dominant market share in the United States, bolstered by our extensive international reach facilitated by regional offices and trusted distributor partners. We stand ready to collaborate with your team and design professionals to guarantee the perfect fit without compromising on security.

Embrace the **peace of mind** that comes from knowing your equipment is in capable hands—where safety and cooling efficiency meet.

In-Room Safes

Safemark is the dominant provider of electronic safes to the global hospitality industry and the approved supplier of leading hotel brands and management companies. With nearly 3 million installations and the widest selection of safes, Safemark has engineered a complete line of safes to balance the unique needs of designers, operators and hotel guests. Installations range from luxury to economy properties with models crafted to accommodate case goods, walls, closets, and more.

Guest Benefits

- ▶ Wide Range of Extensive Product Lines
- ▶ Re-codable Cylinder for In-Room Safes
- ▶ Comprehensive 240-Event Audit Trail
- ▶ Professional Training and 24/7 Technical Support
- ▶ 5-year* Manufacturer's Warranty and Exclusive USD \$10,000 Limited Warranty Against Forced Entry†

Trust The Experts

Safemark's experts handle training and installation, freeing you to focus on other tasks.

High Security Override Key

Hotels rely on Safemark's top-notch override systems for secure, emergency access to their safes. Customized with a unique pinning code, these high-security keys are concealed behind a plate, ensuring they can't be easily copied like skeleton keys. This virtually pick-proof lock provides peace of mind.

Emergency Handheld Override

Safemark's Emergency Handheld Override (EHO) enhances security with password-protected access through user-friendly Windows® compatible software. The system's detailed audit trail saves time, money, and reduces fraudulent liability claims.

ECOSMART INTELLIGENT SYSTEM

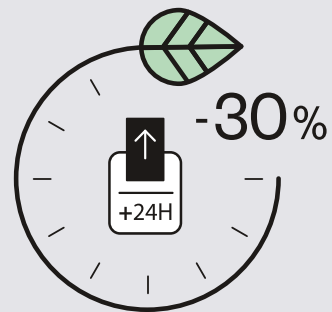

Smart Mode

The Smart Mode turns the compressor on and off depending on whether the guest is in the room or not. This system requires an Energy Saver in the room.

ECO Mode

If the room is unoccupied for more than 24 hours, the minibar switches to Eco Mode, saving up to 30% more energy.

Timer Mode

The Timer Mode programs the compressor's operation for a minimum of 6 hours over 24 hours, thus reducing the overall energy consumption.

Homeline III Key Features

Iconic Design That Stands Apart

Marshall has taken its signature rock 'n' roll home speaker lineup and given it a stripped-back look that makes a loud statement. These speakers come in different finishes so you can choose the one that fits you.

Sustainability

This new generation takes a more sustainable approach with a PVC-free build that comprises 70% recycled plastic* and only vegan materials.

Connect & Control

These speakers are straight to business, so you can just pair and play without the hassle of a complex set-up. Generation III is ready for the future of Bluetooth technology and has been built to deliver next generation Bluetooth features the moment they are available. With next-generation Bluetooth 5.2 and the 3.5 mm input, connecting to your speaker and listening to your music has never been so effortless. Download and connect to the Marshall Bluetooth app to access advanced settings and Over-the-Air (OTA) updates. While you can control the bass and treble on top of each speaker, you'll also find additional controls in the app.

Re-Engineered Soundstage

This generation of the home line-up has an even wider soundstage than before, delivering heavy Marshall signature sound that has been re-engineered for a more immersive experience.

Portable Speakers Key Features

Marshall Signature Sound

Hear a fuller sound with extra bass that's more balanced at every volume.

Dust and Waterproof

Equally at home in the festival mud or on your polished sideboard thanks to its iconic yet durable design. With a rugged IP67 dust- and water-resistant build, a bit of rain and dirt won't get under its skin.

Ultimate Portability

With a built in rechargeable battery, the party follows wherever you go. Keep the music going with long lasting battery life on a single charge. When you do need to charge, it's quick and easy. The next encore is never far away.

Connectivity

Drop straight into your music with no fuss – just pair and play with bluetooth connectivity.

Complimentary Continuing Education

Safemark has teamed up with AEC Daily to build knowledge and connections. AEC Daily is one of the largest sources of free CEU (Continuing Education Unit) courses for designers. This course reviews the features, types, and installation options of battery-operated, digital safe solutions designed to protect against theft without the need for keys or cards. Safemark is the ONLY in-room-safe solutions company to design a CEU course with AEC Daily.
