

Cube Freestanding

indelB
Hotel Mini Refrigerator

The Model Cube Freestanding

Cube Freestanding is the minibar standing on four legs. An element that embellishes the room's design and allows the refrigerator to follow its layout. Available in two versions: glass door with the opening on the right-hand or left-hand side.

Freedom breaks all design rules, bringing the minibar out of its hiding place and transforming it into a piece of furniture that disregards gravity and finds its place under the spotlight.
