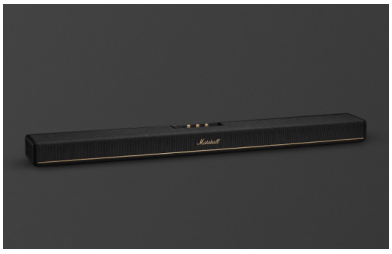
SAFEMARK™

HESTON 120

CENTER STAGE SOUND

AMPLIFY YOUR TV & MUSIC

Keep steady as the world moves around you. This soundbar will have you feeling every note. Dolby Atmos sound places you directly inside the action and pushes the audio out into the room. Surround yourself in Marshall signature sound and magnificent three-dimensional audio designed to blow you away.
Let the deep, rich, and clear sound of Heston 120 take over your senses. This soundbar has been tuned for low frequencies, producing lifelike audio, and special effects with an even bigger impact. Experience bass rumbling from below like never before. Your soundtrack is about to reach a new level of intensity.
However you want to connect, we've got you covered. Use Wi-Fi with Google Cast, AirPlay, Spotify Connect, or Tidal Connect. Or simply use Bluetooth to switch on a playlist. Heston 120 also comes complete with the latest Bluetooth technology including Auracast™. Once connected, all you have to do is wait for the room to fill with sound.
Tailor your listening experience by selecting the perfect setting. Movie Mode enhances the drama and gives a boost to the special effects. When it's time to blast out your playlist, let Music Mode take the reins. Voice Mode makes dialogue the priority over other background noise. If you're watching while everyone else is in bed, Night Mode minimizes special effects and ensures speech is crystal clear.
Effortlessly set-up and customize the sound of your Heston 120 with our dedicated app. As well as adjusting channels and volume, you can use the app to tailor EQ settings for more bass or treble. Make the most of your space by adjusting the room calibration to get the perfect musical fit.



IMMERSIVE SOUND

This soundbar will have you feeling every note. Dolby Atmos places you directly inside the action.

POWERFUL BASS

Experience bass rumbling like never before. The Heston 120 built-in subwoofers produce lifelike audio, and special effects.

WIRELESS CONNECTIVITY

Multi-Wireless Connectivity featuring Wi-Fi with Google Cast, AirPlay, Spotify Connect, Tidal Connect, and even Bluetooth.

INTEGRATED MUSIC SERVICES

Pair easily with Spotify, Tidal, and internet radio stations through Airable when it's time to switch your mind off and the volume up on your favorite playlist.

SOUND MODES

Tailor your listening experience by choosing the perfect setting. Select from Movie Mode, Music Mode, Voice Mode and Night Mode.

MARSHALL APP

Effortlessly set-up and customize the sound of your Heston 120 with our dedicated app. Adjust EQ settings for fine tuning your sound and go even further with room calibration.
