

**TUFTON**  
THE KING OF THE ROAD

**PORTABLE BLUETOOTH SPEAKER WITH 20+ HOURS OF PLAYTIME**

The Tufton is the undisputed king of the road, a behemoth of sound engineered to be the most powerful portable performer in the Marshall lineup. Built for those who carry the show with them, it utilizes a sophisticated 3-way system that produces audio from three separate drivers at the front, supported by an additional rear-facing mid-range driver for a clear and articulate profile across all frequencies. This unique configuration, powered by 80 watts of Class D amplification, delivers True Stereophonic multi-directional sound, ensuring an absolute 360° experience where every spot in the room - or the field - is a sweet spot. With over 20 hours of portable playtime on a single charge and a visual battery indicator to track your battery life, it's designed to go further and louder than the competition. This isn't just a speaker meant for a quiet room; it is a high-output powerhouse crafted to cut through the noise of any environment with the authority of a full-sized amplifier.

Forged with the spirit of rock 'n' roll, the Tufton's design is as rugged as it is iconic, featuring a solid metal grille that pays homage to steel mesh microphones and flush-mounted corner caps for extreme durability. The road is unpredictable, so its IPX2 water-resistant rating provides essential protection against the elements, while the guitar-inspired carry strap makes its 10.8-pound frame surprisingly easy to haul. Control remains physical and precise with the signature analog knobs for volume, bass, and treble, allowing you to custom-tune your output to the environment. Equipped with Bluetooth 5.0 and multi-host functionality, you can seamlessly switch between two devices, while a 20-minute quick charge provides another 4 hours of battery life when the encore can't wait. The Tufton isn't just a speaker that plays music, but dominates any stage it lands on.

**TRUE STEREOPHONIC**

Tufton utilizes True Stereophonic. Experience absolute 360° sound where every spot is a sweet spot.

**20+ HOURS OF PLAYTIME**

Bring the show on the road with Tufton. It offers 20+ hours of portable playtime on a single charge.

**WATER-RESISTANT (IPX2)**

The road is full of surprises, which is why Tufton offers a water-resistant design.

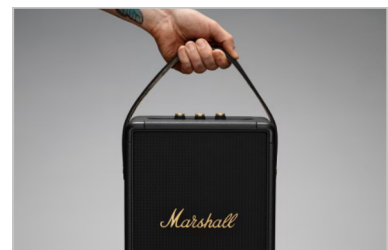

**MARSHALL SIGNATURE SOUND**

Tufton is the mightiest portable speaker from Marshall, offering a clear and articulate sound across all frequencies.

**ICONIC & RUGGED DESIGN**

Echoing the legacy of rock 'n' roll, Tufton features the iconic Marshall script, solid metal grille, and flush mounted corner caps.

**CARRYING STRAP**

Tufton was designed for easy portability. Its guitar inspired carrying strap makes it perfect to take with you, wherever you go.
