*Depth Includes Keypad

Override Accessories

Emergency Handheld Override (EHO)

Safemark's EHO with an upgraded USB-C port provides added security with password protected access via easy-to-use software. This comprehensive audit trail saves time and money while reducing fraudulent claims.

Optional MIWA High Security Override System

The patented, high security cylinder with side bar technology can be quickly reprogrammed onsite up to 10,000 times. This industry exclusive technology is installed at our company-owned factory to save time and money while eliminating the risk of duplicate key systems.

At Safemark, we can't imagine a guest experience without peace-of-mind. We secure valuables and provide an elevated guest experience to ensure leisure time is a journey beyond expectation.

Construction

- ☐ Cold-Rolled Steel Door
